Upload image of painting.

Files must be less than 256 MB. Allowed file types: png gif jpg jpeg.

Two entries are allowed. Upload one at a time, save after each upload.

Steps to Enter a Show online

Show Name : Choose the name of the show from the drop down box. You can only enter the show(s) that are listed in the box. We do not overlap the show entry registration periods. Show entry will be one show at a time with the exception of the Holiday Show, 3D works. When one show opens, the registration for the next show will then be opened.

Title for Art Work-1: Type in the title of your first work.

Title for Art Work-2: If entering two pieces, enter the title of the second work here.

Art work-1: Images are not required to enter online. If you choose to include your images, they will appear in the NAA website online gallery during the duration of the show.

To upload the image of your first work click on the "Choose File" button and select the file of the image of your work. This will upload your image. The image must be the size and file type specified in the form. If the image will not upload, reduce the size of the file. Be patient, it can take several minutes to upload the image. When the image is loaded it will appear with the word "Success!" above it. **See Example to the left. Uploaded image is of a work titled "Sunset Sky"**

Alternate Text Box: This field appears after a successful image upload. Enter a few words that describe the work, not the title. **See Example to the left. Image is described with the words "pink clouds".**

If entering two submissions, repeat the upload and Alternate Text Box instructions. You do **NOT** have to save between image uploads. Fill the form out completely and hit "Save" once.

Artist's own specific description of technique

Artist Name: Enter your full name, as you want it to appear on the wall label in the Gallery.

Email: You must use the same email address that you used when filling out your membership form. The website recognizes each artist and their artist level by your email address. If your address has changed, please notify the NAA so we can update the website database.

Last Day of Show: You must enter the date the show **closes**. Show dates are found as part of the Show Name in the drop down box for the "Show Name" field. The website automatically migrates images from the Online Gallery to the Past Shows Gallery based on the date you enter here.

Media for Art work-1: Enter the NAA Generic Media category for the first work using the drop down box i.e. Oil, Acrylic, etc. . Repeat in the **Media for Artwork-2** box if entering two submissions.

Media Label Description for Art work-1: This box is for the artists description of the media/technique. This will appear on the work label in the Gallery.

If you prefer not to enter a show online, please download our [PDF form](#) here, mail the completed form to the NAA or drop it off during gallery hours.

*Means required field

Size for the Art work-1: This is an optional field. If you enter the size of the work, you can enter either the framed or unframed dimensions. For clarity specify which you are entering. If used, the size will appear when you double click on the image in the website online gallery. This will help a prospective buyer gauge the size. The size should be written width then height, each number followed by a quote sign, i.e. 11"x14" is a work 11 inches wide by 14 inches tall. See example to the left. Repeat for Size for Art work-2 if entering two submissions.

Price for Art work-1 (\$): Enter the price of your work. You do not need to use the \$ sign. The website will automatically add it. Repeat for Price for Art work-2 if entering two submissions.

Item for Art work-1: This field is required. Each submission on a form must have a unique number from the other. The example to the left was for one submission only, and the number used was "1". The number(s) used are artist's choice.

Member Type: Choose your membership level from the dropdown box. To enter a show you must be an Artist, Artist Plus or Lifetime Artist Plus.

Save: When the form is complete, hit save. You do not need to save between uploads. If there are any errors in your entry, the form will not take you to the payment page but instead the error messages will appear underneath each field that is incorrect.

Error Message and Form Notes: If there are errors and you need to re-enter any information, check each field before re-saving. When the form contains errors it does not reload all the information. Pay particular attention to the Show Name, Size, and Price fields.
